## **DETAILED ACTION**

### **Summary**

On November 3, 2004, an Office Action was mailed to the Applicant rejecting claims 1-40. On May 5, 2005, the Applicant responded by amending claims 1-2, 14-15, 27, 36, and 40.

### ***Claim Objections***

The objections have been withdrawn.

### ***Claim Rejections - 35 USC § 101***

The rejection has been withdrawn.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-40 are rejected under 35 U.S.C. 102(e) as being anticipated by Wallman (6,360,210), as set forth in the previous Office Action.

### ***Response to Arguments***

Applicant's arguments filed May 5, 2005 have been fully considered but they are not persuasive. The Applicant argues that Wallman does not disclose calculating the value of the risks in the portfolio and splitting the risks into two separate accounts. In

Art Unit: 3624

response, Wallman discloses that the user may choose to modify a chosen portfolio of securities (account) and transfer some of the risk to another account, which may be held in an account with the system or another party (col.8, line 35 to col.12, line 23).

Wallman discloses that the buyer may be the same economic entity that holds the original portfolio (col.8, line 35 to col.12, line 23). Therefore, the Examiner is interpreting Wallman as reading onto the invention substantially as claimed.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
